

UNIVERSITY PROPOSAL – JANUARY 22, 2008

MONTCLAIR STATE UNIVERSITY

8. SABBATICAL LEAVE

(See 8.1-8.3.8 in the Statewide Contract)

- 8.4.1 Applications will be on the form provided to the appropriate department chairperson/head on or before the date stated in the University administrative calendar. A faculty member or librarian must provide the original and ten copies of the application to the chair of the Department (DSRC) or Librarian Sabbatical Review Committee (LSRC) respectively. The applicant should clearly state the objectives and/or goals of the proposed sabbatical leave; develop fully (where applicable) the problem, the plan, and process/methods for achieving the stated objectives and describe how the results will be published, exhibited, performed or used to enhance the applicant's competency as a scholar, artist, teacher, or librarian.
- 8.4.2 At any time during the following review process, an applicant may withdraw the application for a sabbatical leave and the materials will be returned to the applicant.
- 8.5 DSRC/LSRC Review
- 8.5.1 There shall be a Department Sabbatical Review Committee established for the purpose of reviewing and recommending proposals for a sabbatical leave at the departmental level. The committee shall be composed of the department chairperson and two annually elected tenured faculty members from that department. No applicant for a sabbatical leave may serve as a member of the DSRC. The department chair will serve as the chair of the DSRC.
- 8.5.2 There shall be a Librarian Sabbatical Review Committee established for the purpose of reviewing and recommending proposals for sabbatical leave at the departmental level. The committee shall be composed of the department head and two annually elected tenured librarians. No applicant for sabbatical leave may serve as a member of the LSRC. The department head will serve as the chair of the LSRC.
- 8.5.3 The DSRC or LSRC shall review applications and all materials submitted by an applicant in order to determine whether or not the application meets the criteria to be recommended for a sabbatical leave. The DSRC or LSRC shall write a brief narrative evaluating each application and either recommend or not recommend the applicant. The DSRC or LSRC will send its recommendation and brief narrative to the applicant.
- 8.5.4 If the DSRC or LSRC identifies a potential issue related to the timing of the leave, the committee will meet with the applicant(s) involved informally to resolve the issue by adjusting the length or the term requested.
- 8.5.5 Within three (3) working days of receiving a negative recommendation, from the DSRC or LSRC, the applicant may make a written response. The purpose of the response shall be limited to clarification of material already included in the application.
- 8.5.6 Within three (3) working days of receiving the applicant's response, the DSRC or LSRC shall respond in writing. The committee may confirm its original recommendation; however, the

written response must address the issues raised by the applicant.

8.5.7 The DSRC or LSRC will forward to the dean the application and all associated documents.

8.6 Dean's Review

8.6.1 The dean will review each application and all materials submitted by the applicant, the recommendation and written narrative of the DSRC or LSRC and any responses to the recommendation of the DSRC or LSRC in order to determine whether the application meets the criteria to be recommended for a sabbatical leave. The dean shall then write a brief narrative evaluating each application on the basis of the established criteria and either recommend or not recommend. The dean shall forward to the Provost each application and all associated documents and will simultaneously forward to the applicant the recommendation and brief narrative.

8.6.2 If the dean identifies a potential issue related to the timing of the leave, the dean will meet with the DSRC or LSRC and the applicant(s) involved in an effort to resolve the issue. If the issue is not resolved, the dean will so inform the Provost in writing.

8.6.3 The Provost will forward copies of each applicant's packet to the Chair of the University Sabbatical Leave Committee for distribution to its members.

8.7 University Sabbatical Leave Committee Review

8.7.1 The University Sabbatical Leave Committee will review all materials forwarded by the Provost and, on the basis of the established criteria A-D, will score each applicant on a scale of 0 through 10, with 10 being highest, on each criterion. The Committee will then rank-order the applicants on the basis of the scores. To the extent that two or more applications are equally meritorious, the time since the last sabbatical leave will be used to determine the order in which applications are ranked. The Committee will then determine which among the applications are recommended (meet criteria) and which are not recommended (do not meet the criteria).

8.7.2 The Committee will inform each applicant of its recommendation and, if recommended, the rank assigned by the Committee out of the total number of recommended applicants. If an application has not been recommended, the Committee will provide to the applicant a brief written narrative setting forth the basis for its negative recommendation.

8.7.3 Upon completion of its deliberations, the University Sabbatical Leave Committee will forward to the Provost all complete sabbatical applications and associated documents as well as a list of the recommended applications and their rankings, and an alphabetical list of applicants not recommended and their associated written narratives.

8.8 Provost Review

8.8.1 After considering the materials submitted by the applicants and evaluations provided by all preceding reviewers, the Provost will either recommend or not recommend each application.

8.8.2 If the Provost determines that a recommended/ranked application from among those forwarded by the Sabbatical Review Committee does not meet the criteria set forth by the University, his/her recommendation to the President shall include a brief explanation of the basis for his/her evaluation.

8.8.3 If the Provost determines that applications he/she has evaluated as meritorious from a single

department/program in any one year would be precluded from a positive recommendation for sabbatical leave only because of the timing of the leave, and the dean has not thoroughly addressed this criterion in his/her evaluation, the Provost will consult with the DSRC/LSRC and dean to explore the possibility, if any, of resolving the situation. Such exploration does not bind the University to approve all affected applications.

8.8.4 The Provost will forward the complete application materials, including his/her recommendations and written narratives, if any, to the President. The Provost will also forward to each applicant the recommendation and written narrative, if any, and provide copies to the Chair of the University Sabbatical Review Committee.

8.9 President's Review: Final Recommendations

8.9.1 After receiving the Provost's recommendations and full sabbatical packets, the President will make recommendations to the Board of Trustees for final approval and will forward to the applicant the recommendation.

8.10 Sabbatical Leave Report

Within four weeks after returning to the University, faculty members and librarians receiving a sabbatical leave will submit a summary of the activities or project accomplishments during the sabbatical indicating how his/her goals were met. This summary shall be submitted to the Provost and a copy placed in the appropriate file. At the time of application for the next sabbatical, or any time preceding, the faculty member or librarian may submit one or more updates with respect to outcomes/results emanating from the previous sabbatical leave realized later than four weeks after returning to the University.
